

# APX 808 BIFOLD DOOR

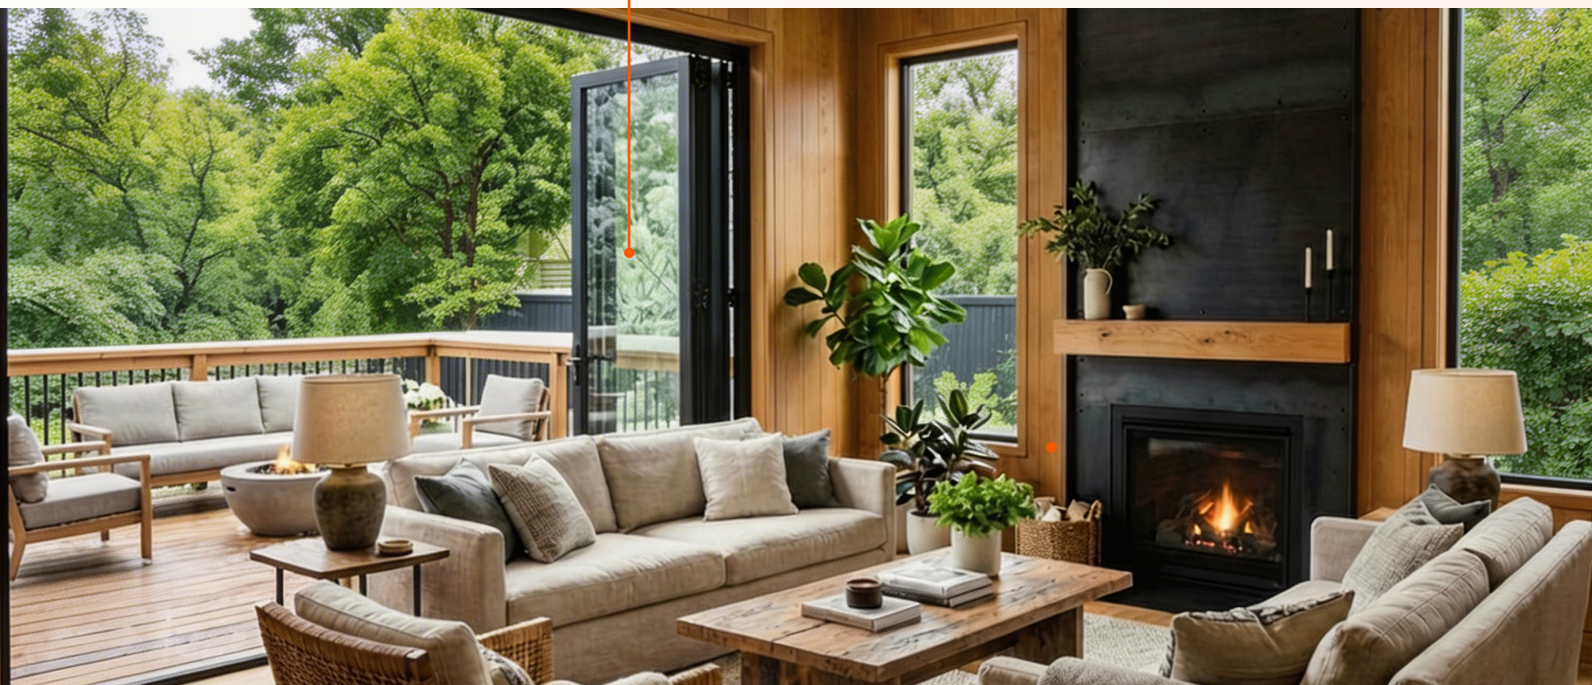

---

*Text: The APX 808 Bifold Door System features a sleek aluminum design with minimal stiles and rails, maximizing glass and creating expansive views. Engineered for large openings and flexible configurations, the system folds smoothly to the exterior, allowing spaces to fully open and connect indoor and outdoor living areas. Built with premium European engineering and hardware, the APX 808 delivers smooth operation, long-term durability, and reliable performance. Its clean ARChitectural lines and dramatic opening capability create a true “wow factor” for modern homes.*
